# Collective SOLUTIONS

In this fun and furious collaborative team building activity, teams need to work together to get the job done!

Each team must complete part of an activity in a given time, and then 'hand over' to the next team, and be 'briefed' by the team ahead of them. Only when all the teams have visited a task, can the activity be completed.

It's amazing what can be achieved with collaboration, team work and group effort.

## The Activities (choose 4 - 5 activities plus a finalé!)

**The BIG Picture** - Teams paint part of a picture. When all teams have completed their artwork, the picture will later fit together to make one group masterpiece.

**Paper Projects** - Teams work towards creating a dinosaur skeleton (anatomically correct of course) out of paper rods!

**Loony Balloons** - Teams get creative in making a scene entirely out of balloons!

**Piece of Cake** - Teams must decorate an elaborate cake. The first team will set the scene, with subsequent teams adding their contributions. Cakes will then be stacked into an impressive show-stopper of a cake.

**Comic Strip Capers** - One team begins a comic strip. As the rest of the teams follow, who knows which direction the story will take?!

**Collective Conundrums** - Teams attempt some mental conundrums.

**Over To You** - Teams film part of a movie, advert, news report or music video using iPads and iPad filming equipment - using props and costumes. Other teams must continue the story. The finished movie can be shown at the end of the event.

**One Track Challenge (optional finale)** - Teams build a section of a Hot Wheels track that will later fit together to make a fun, fast obstacle course!

**Rollercoaster (optional finale)** - Teams build sections of a rollercoaster that will fit together to make a fun fast finale!

Take one... Direct, act and edit a movie, using iPad Air, in this fun and creative film making event.

Teams are given a short brief on the subject of their films, but you choose the medium - short film, documentary, music video, comedy sketch, promotional film or advertisement.

Then it's time to get creative as teams plan their storyboard and assign roles to their team, deciding who will be the Director and who will be in charge of filming, sound, costumes, location, acting and editing.

Armed with tripods, lighting and microphone booms, and with access to our extensive collection of fancy dress costumes and props, teams then get into the 'zone' to film their movies.

Once the films are 'in the can' teams edit their movies using pre-installed apps, where they can zoom, cut, and add simple film effects. They can also choose from a bank of sound effects and music to create their soundtrack.

As a fun finale, teams' movies are shown on our large screen, with the winning team receiving their prizes in a closing awards ceremony. We can also award spot prizes for categories such as 'best costume', 'best editing' and 'best actors'.

## Film Icon

Recreate an icon from a famous movie. Projects can include King Kong, the DeLorean car from Back to the Future, the Stay Puffed Marshmallow Man, The Bat Mobile, The Terminator and many more!
